RAKHA NAUFAL RAMADHAN

SUPPLY CHAIN & INVENTORY CONTROL SPECIALIST

Surabaya, ID | rakhanaufal736@gmail.com | linkedin.com/in/rakhanaufal736
Portofolio: rakhanaufal736-cmd.github.io

SUMMARY

Supply chain and inventory control specialist with 4 years of experience in warehouse operations and e-commerce, focused on making processes faster, leaner, and more accurate. Managed 200+ SKUs with 96% stock accuracy and 98% on-time delivery using Jubelio ERP & WMS. Skilled in supplier sourcing, cycle counting, and replenishment planning (EOQ, lead time). Built and ran an end-to-end operation from sourcing and production to fulfillment, growing it to 10,000+ transactions.

CORE COMPETENCIES

- Inventory Control: Stock Control, Cycle Counting (Stock Opname), FIFO, Stock Reconciliation, SKU Management.
- Procurement & Supply: Inventory Policy Design (Can-Order / Min-Max), Supplier Sourcing, Vendor Management, Replenishment Planning, EOQ, Lead Time Management.
- Warehouse & Fulfillment: Inbound/Outbound Operations, Order Fulfillment, On-Time Delivery, Quality Control & Authentication.
- Analysis & Reporting: Inventory Accuracy Tracking, Sales Data Analysis, KPI Reporting, Inventory System Design, ABC Analysis, XYZ Analysis.
- E-Commerce: Marketplace Operations (Shopee, TikTok Shop), Digital Advertising, ROAS Optimization.

PROJECTS (rakhanaufal736-cmd.github.io)

- WMS-TI – Built a web-based warehouse ERP demo with global search (SKU, PO, orders), multi-warehouse switching, and a guided product tour.
- Kopi Kita – Wrote the PRD and built an inventory & POS system for a single-outlet coffee shop with Admin and Cashier roles, covering cash/QRIS/card payments and PB1 + service charge on receipts.
- ABC-XYZ Inventory Analysis – Classified SKUs by value (ABC) and demand variability (XYZ) to define stock policy per segment.

PROFESSIONAL EXPERIENCE

E-Commerce Operations & Supply Chain Manager Apr 2022 – Aug 2026
Sprices Group (Sidoarjo, ID)

- Built and grew a culinary business (spices and pastries) from scratch to 10,000+ sales transactions, with an average annual growth of 23%.
- Managed 18+ expanding SKUs with end-to-end operations on Shopee and TikTok Shop, including listings, inventory, order fulfillment, and customer service.
- Oversaw the full product lifecycle from supplier sourcing and production to fulfillment and after-sales support, ensuring product availability across sales channels.
- Designed and executed digital advertising strategies, managing IDR 60M+ in annual ad spend and achieving a 10-12x ROAS.
- Led promotional campaigns for Shopee mega sale events (Payday, Harbolnas, double date sales), achieving 41% sales growth during campaign periods compared to regular days.

Supply Chain & Inventory Control Intern Jul 2021 – Dec 2021
UPTI Kayu (Pasuruan, ID)

- Redesigned the inventory recording system for raw timber, wood finishing materials, bolts, nuts, and other supplies, reducing untracked inventory from 37% to 2%.
- Designed and implemented a can-order inventory policy after a 1-2 month redesign of inventory control, replacing tight EOQ-based reordering that caused higher prices and long indent lead times.
- Built a wireless barcode scanning system using ESP32 (microcontroller) that logs stock in/out directly into an inventory Google Sheets using Google Apps Script API.
- Developed an Excel dashboard that simplified data entry for older operators and made inbound/outbound records clear, easy, and traceable.

Logistics & Supply Chain Specialist (Part-Time, On-Site) Feb 2018 – Jan 2022
Grailedhype Group (Batam, ID)

- Sourced products from authorized distributors and suppliers, ensuring a reliable supply of genuine goods.
- Performed quality control and authentication checks to verify product authenticity before sale.
- Managed inventory of 200+ SKUs using Jubelio ERP and WMS, covering FIFO rotation, stock opname (physical inventory counts), SKU tracking, and inbound/outbound processes, maintaining 96% stock accuracy.
- Applied EOQ and supplier lead time analysis to determine optimal reorder quantities and timing.
- Coordinated order fulfillment, achieving 98% on-time delivery.

EDUCATION

Bachelor's Degree in Industrial Engineering (3.43/4.00 GPA) Aug 2022
(Relevant coursework: Supply Chain Management, Inventory Control, Production Planning)
Universitas Surabaya, Surabaya, ID
